

Product Data Sheet

Aminol™ Transmission TN7 75W-80 GL-4

Transmission oil

Product description

Aminol™ Transmission TN7 75W-80 GL-4 is a high-performance, high-pressure gear oil made from high-quality base oils and modern additive technology. It ensures a broad application range and optimum transmission lubrication under extreme conditions with long oilchange intervals.

Application

- Heavy duty manual transmissions where API GL-4 quality oils are specified.
- On-road light and heavy duty trucks, buses, vans and passenger cars.
- Off-highway equipment in construction, mining and agriculture
- Other applications involving spiral bevel gears or hypoid gears operating under mild to moderate speeds and loads.

Features & Benefits

- Excellent corrosion protection
- Superior wear protection
- Extremely long oil change intervals
- Exceptional seal compatibility
- High pressure carrying capacity
- Reduction in gear shifting resistance
- Reduced gearbox noise
- Improved viscosity/temperature characteristics

Typical Properties

Property	Unit	Test method	Typical value
Density at 15°C	g/cm3	ASTM D 4052	0.852
Kinematic Viscosity at 100°C	mm2/s	ASTM D 445	8.200
Kinematic Viscosity at 40°C	mm2/s	ASTM D 445	49.85
Viscosity Index	-	ASTM D 2270	138
Flash Point (COC)	°C	ASTM D 92	206
Pour Point	°C	ASTM D 7346	-42

Typical property characteristics are based on current production. Whilst future production will conform to Aminol™ specifications, variations in these characteristics may occur.

Health, Safety & Environment

- **Health and Safety**

This product is unlikely to present any significant health or safety hazard when properly used in the recommended application, and good standards of industrial and personal hygiene are maintained.

For further guidance on Product Health & Safety refer to the appropriate Safety Data Sheet which can be obtained upon request or through our website: www.aminol.az

- **Protect the Environment**

Take used oil to an authorized collection point. Do not discharge into drains, soil or water.

Available pack sizes

- | | |
|------------------------|--------------------------|
| • 1 L Canister plastic | • 20 L Canister plastic |
| • 4 L Canister plastic | • 30 L Canister plastic |
| • 5 L Canister plastic | • 200 L Drum sheet metal |
| • 7 L Canister plastic | • 1000 L Container |

Storage

- We recommend to store all packages under cover.
- Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings.
- Products should not be stored above 60 °C, exposed to hot sun or freezing conditions.

Notes

This data sheet and the information it contains is believed to be accurate as of the date of printing. However, no warranty or representation, express or implied, is made as to its accuracy or completeness. Data provided is based on standard tests under laboratory conditions and is given as a guide only. Users are advised to ensure that they refer to the latest version of this data sheet. It is the responsibility of the user to evaluate and use products safely, to assess suitability for the intended application and to comply with all applicable laws and regulations. Safety Data Sheets are available for all our products and should be consulted for appropriate information regarding storage, safe handling, and disposal of the product.
